

FIA European Historic Rally Championship:

Helmet and Racewear Rule Change Help/Guidance:

Season 2024.

NEW RALLY HELMET RULES: 2024

We have attached the chart from the **FIA Technical List No.25 on the next page.**

From here you can compare your existing helmet labelling with that of the list and see if your helmet is **compliant** for continued use in 2024 in FIA International events.

Please ensure if you see a Snell label only on the chart but your helmet has both a Snell and FIA label, you need to look again at the chart and find the row with **both** labels listed.

These FIA regulations will be enforced for the International Section of **all** International events in 2024.

NEW HELMET RULES: 2024

**NORMES RECONNUES POUR LES CASQUES
RECOGNISED STANDARDS FOR HELMETS**

LISTE TECHNIQUE N° 25 / TECHNICAL LIST N° 25

Racewear Rules: NEW for 2024.

All FIA approved racesuits, underwear, balaclavas, shoes, driving gloves (*excluding socks) must carry the FIA 8856-2000 homologation **with a hologram** as a minimum for 2024.

*In 2023, underwear did not need a hologram. This is a new requirement for the **2024 season**.*

Remember:

No hologram on the item = it cannot be used in FIA International competitions, including FIA EHRC in 2024. Please check!

****Fireproof Socks must have the 8856-2000 or 8856-2018 homologation but are not currently supplied with an FIA hologram by manufacturers.***

Please check your compliance with these new rules ahead of your next EHRC rally!

Thanks!
