DRIVE FAST WITH
SECURITY

Maxime Vilmot, 32.

Professional rally co-driver since 2006, Maxime has extensive experience in around the world with many participations in WRC, ERC as well as a large involvement in the world of historic rallies. Race4you is more than fifteen years rally experience.

"I want to use my experience in terms of pacenote because, I noticed that many crews had shortcomings or the necessary time to make good recce. It's not something to be taken lightly, to drive fast in complete safety, you need good pacenotes..."

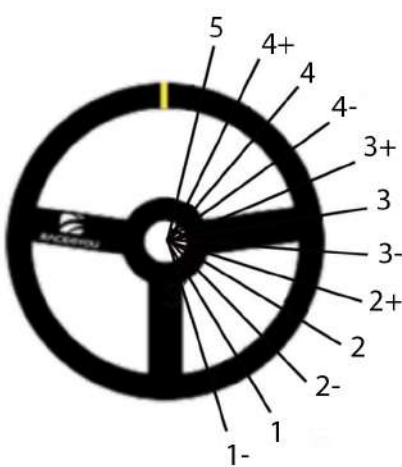

"With more than 300 starts and many pilots famous, I saw a lot of interesting things that I use when I prepare your pacenote"

"On a rally, the precision of the pacenote is essential to achieve good performances, without increasing risk. The crews are there above all to take the maximum pleasure, in complete safety"

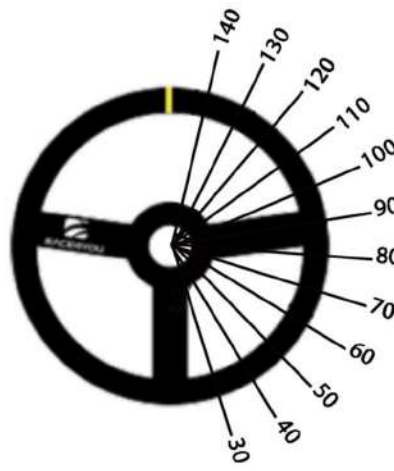

CHOOSE YOUR NOTE TYPES

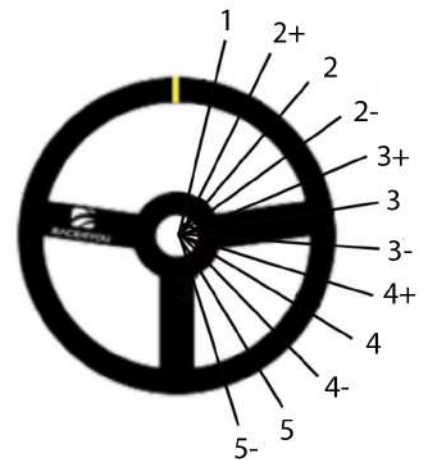

We are able to supply a range of systems, all used by the greatest pilots that many, will appreciate for their precision, fluidity and safety. Start your next event with complete confidence that your route notes are as accurate as they possibly can be... Don't settle for anything less!

5 FASTEST

ANGLES DEGRES

1 FASTEST

Regarding the length of the turns, the apex points and all the necessary information in acenote, we use the words most known and used by the majority of drivers and codrivers. For distances, they are measured with tripmeter also visible in the recce onboard.

We can supply a sample of any note system on request
